A Project Report on

“Digital Advertise (D-Ads)”

Submitted by

Mr. Shubham Dayanand Sajannavar

MCA VI Semester

Reg No: CA172007

Under the Guidance of

Dr. Mallamma V. Reddy

Assistant Professor

Department of Computer Science
Rani Channamma University, Belagavi

ACKNOWLEDGEMENT

The satisfaction that accompanies the successful completion of any task would be incomplete without the mention of the people who made it possible and whose constant guidance and encouragement crown all the efforts with success.

Firstly, I would like to thank **Rani Channamma University, Belagavi** for providing an opportunity to do project/internship work in academics.

My sincere thanks to **Prof. Dayanand G. Savkar**, Chairman of Department of Computer Science for accommodating us the best Facilities.

I would also like to thanks to the **Dr. Mallamma V. Reddy** project guide who has continuously helped and gave valuable suggestions to guide us in the successful completion of the project work.

Finally, I would like to accolade my family, friends and other staff for their constant support guidance and encouragement during project working time.

DECLARATION

I, **Shubham Dayanand Sajannavar** hereby declare that this dissertation entitled “**Digital Advertise (D-Ads)**” is independently carried out under the guidance of **Dr. Mallamma V. Reddy, Assistant Professor** Department of Computer Science, Rani Channamma University, Belagavi, in partial fulfillment of the degree of **Master of Computer Application**, during academic year 2019-2020.

I also declare that I have not submitted this dissertation to any other university for award of any degree.

ABSTRACT

The Digital Advertise (stylized as **D-Ads**) is a web application provides a local search for different services online. To simplify the day to day activities of the buyers and sellers, D-Ads delivers a local search for a structured database of local business listings. D-Ads makes it easy to locate and find detailed information about a particular Product/Service like Cloths shop, Mobile Store, Laptop Service Center, Supermarket, Car/Bike Repair center, Plumbers, Electronic shops, electric service etc. D-Ads is the Local Search Engine that provides comprehensive updated information of all the Business to Business and Business to customer products and services.

D-Ads software help buyers to display advertising of their product/services on the platform and sellers to get in touch with each other and act as an intermediary between the buyer and the Seller.
